EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John Mortimer on 05-27-05.

The application has been amended as follows:

Specification: in a preliminary amendment dated 07-14-03,

Line 1, --now U.S. Patent No. 6,620,068-- was inserted after "2001".

Claim 1 line 18, after "... the second end of the cog pad is on ", "a cog crest" was replaced with --the cog crest--.

Claim 30 was canceled.

Claim 33 line 16, after "... the second end of the cog pad is on ", "a cog crest" was replaced with --the cog crest--.

Claim 43 was canceled.

2. The following is an examiner's statement of reasons for allowance:

The closest prior art is applicant's own admitted prior art (APA). While the APA substantially teaches the process recited in the independent claims; in particular, the APA teaches overlapping a pair of free ends of a reinforcing fabric of a cog pad, where a 1st free end is disposed on a peak portion of a cog crest and a 2nd free end is disposed around a trough portion of a cog crest (specification; pages

1-2 and figure 10); the APA fails to disclose *"overlapping ... so that a) a free end of the part of the reinforcing fabric at the first end of the cog pad is at a side surface on a cog crest and b) a free end of the part of the reinforcing fabric at the second end of the cog pad is on the cog crest"* (bold-face and emphasis added) as required in claim 20 or 33. Based on a definition of cogs, which is discussed on page 11 lines 9-14 and figure 1 of the specification, a cog crest is taken to be a portion identified as "c" in figure 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
